	DESCRIBE THE PE	∭ Alter		Unc!tered	1	☐ Moved	M Original Site	

The house, now covered with stucco, is a two story, frame building with an L-plan. The east central bay of the facade is a doorway. The windows are 2/2 double hung sash. On the west end, an external chimney has been rebuilt in white brick. On that end, there are two 6/6 double hung sash windows that may be part of the original house.

Next to the house is a row of detached, twentieth century farm hand houses. They are small, square, frame buildings of one story with hipped roofs.

ŀ	DECEMBER THE C	Unit in the Control of the Control o	Moved 🖫 Original Site

The house, now covered with stucco, is a two story, frame building with an L-plan. The east central bay of the facade is a doorway. The windows are 2/2 double hung sash. On the west end, an external chimney has been rebuilt in white brick. On that end, there are two 6/6 double hung sash windows that may be part of the original house.

Next to the house is a row of detached, twentieth century farm hand houses. They are small, square, frame buildings of one story with hipped roofs.

STATEMENT OF SIGNIFICANCE			

Parts of the house were built before 1860; it has been extensively altered, however, and now appears to be essentially a twentieth century building.

ACTION TAKEN

I am pleased to transmit to you a copy of the Final Draft Amendment to the Master Plan for Historic Preservation: Gaithersburg Area Resources. This Plan recommends that only one of the remaining Gaithersburg area resources (the Belward Farm/Ward House, Site #20/21) be placed on the Master Plan for Historic Preservation.

This Amendment recommends against the designation of the following resources on the Master Plan:

- . Railroad Underpass, Site #20/30
- . Mineral Spring Houses, Site #20/10 1 & 2
- Sylvester Thompson's House & Store, Site #20/11
 - . Fields/King Farm, Site #20/12
- . Watkins Farmhouse, Site #20/13
 - . Briggs Farm #2, Site #20/26

FOR ADDITIONAL INFORMATION

See correspondence dated May 16, 1984

ACTION TAKEN

The following area sites were reviewed either as part of this Plan or at previous public hearings and were found not suitable for regulation under the Historic Preservation Ordinance. This Plan recommends their removal from the Locational Atlas. Although removed from the Locational Atlas these sites will remain on the Maryland Historical Trust's Inventory of State Historical Resources.
